Fund fact sheet date: 30 June 2021

TM home investor fund is the UK's first Financial Conduct Authority regulated residential Property Authorised Investment Fund (PAIF)

This factsheet is for information only. It is not designed to provide advice on the suitability of an investment for your personal financial situation. If you have any questions regarding the information included in this factsheet, you are recommended to speak to a financial adviser.

Investment Objective

The Fund invests in private rented sector housing across the mainland UK regions and aims to capture UK house price growth plus provide an element of income return. The property investment manager, Hearthstone Asset Management Limited, uses quantitative asset allocation methods and qualitative regional stock selection to build a portfolio of assets reflecting the distribution of UK mainland housing stock. Properties are let under assured shorthold tenancies (AST's) and corporate lets. Investment returns comprise capital growth and rental income. The e.surv House Price Index (previously known as LSL Acadata) is used for the purpose of performance comparisons.

Property Investment Manager's commentary

The Standing Independent Valuer (SIV), CBRE, increased 29 of the Fund's properties by a total of £155,000 (0.30%) in June, taking the annual increase to 2.47% and 1.03% for the quarter. CBRE continues to monitor several other comparable transactions which may lead to revised valuations on further properties over the coming months. Despite the first Stamp Duty Holiday deadline of 30th June now passed for the £500,000 nil rate band, many transactions in lower price bands are now looking to the next deadline of 30th September for the £250,000 nil rate threshold. It is worth noting that house price indices which use Land Registry data may be less reliable currently given the unusual market during the pandemic - almost coming to a halt in quarter 2 last year, then bouncing back rapidly, fuelled at the higher end of the market by Stamp Duty holiday deadlines - conveyancing processes struggled under the volume of transactions, and Land Registry filings have been delayed as a result. Rental demand remains very strong and the Fund had just 6 vacant properties at the end of June, but as at the end of the first week in July this number has reduced to 3 units. Rent collection was again over 99% of that demanded for the month, and rental growth stands at 1.75% year-on-year, with rent reviews now having been re-introduced for periodic tenants in June 2021, versus the Office for National Statistics measure of 1.2%.

Having received significant new subscriptions since month-end, the Hearthstone team is now looking to acquire a further £6 Million of properties for the Fund and is currently conducting due diligence on potential deals with large regional and national housebuilders in Doncaster, Preston and Bury as well as some existing stabilised nationwide portfolios, which we hope to be able to provide further updates on next month.

* The Standing Independent Valuer has attached a valuation uncertainty clause to the Spectrum flats pending a satisfactory EWS1 (external wall safety) assessment. The building's Management Committee has registered with the Building Safety Fund and is currently working to assess the remediation works required.
