Property Investment Manager's commentary

The Standing Independent Valuer('SIV'), CBRE, increased valuations on the Fund's property portfolio again in September. This month's increase was by a total of £147,500 (0.29%) - the sixth consecutive month of upward valuations, and the eighth increase this year. September's increases were applied to 16 properties in locations which included Nottingham, Colchester, and Fareham.

Rent collection for the month was 104% of that demanded as some of the small number of tenants in arrears caught up with their rent. Collection rates stand at just under 99% over the 12 months to the end of September. The Fund had 7 vacant properties at the end of September, although lets on 3 of these have subsequently been agreed so far during October and demand for good quality properties for rent remains strong across all regions.

The fund held £18.6 million cash at the end of September, approximately £4.5 million of this is committed to acquisitions on 2 sites in Doncaster and Preston for 21 new-build houses. We had hoped to complete on these in September but unexpected additional legal enquires meant these were delayed for another few weeks and should now complete in October. The Hearthstone team has been carrying out due diligence on a number of other potential acquisitions and aims to allocate up to £5 million of the remaining cash holding in the coming weeks.

* The Standing Independent Valuer has attached a valuation uncertainty clause to the Spectrum flats pending a satisfactory EWS1 (external wall safety) assessment. The building's Management Committee has registered with the Building Safety Fund and is currently working to assess the remediation works required.
