

Class G Shares - Institutional Net Income - 28 February 2022

TM home investor fund is the UK's first Financial Conduct Authority regulated residential Property Authorised Investment Fund (PAIF).

This factsheet is for information only. It is not designed to provide advice on the suitability of an investment for your personal financial situation. Investors should read the Key Investor Information Document or Prospectus which are available on www.homeinvestor.fund or by contacting info@hearthstone.co.uk.

Investment Objective Summary

The Fund invests in private rented sector housing across mainland UK regions and aims to capture UK house price growth and provide an element of income return. The property investment manager, Hearthstone Asset Management Limited, uses quantitative asset allocation and qualitative regional stock selection to build a portfolio of assets reflecting the distribution of UK mainland housing stock which are let under assured shorthold tenancies (AST's) and corporate lets. Investment returns comprise capital growth and rental income. The e.surv Acadata House Price Index is used for performance comparisons only. It is not a target benchmark and the fund is not constrained by it. This index has been chosen as a comparator benchmark as it is based upon actual sales completed and is mix-adjusted.

Please see the Key Investor Information Document or Prospectus for the full Investment Objective and Policy wording, and on the choice of performance comparator.

Property Investment Manager's commentary

The Fund's established property portfolio was valued upwards again in February by the Standing Independent Valuer, CBRE, this month by £145,000 (0.26%). Of the 25 properties valued upward, 18 were at The Limes development in Nottingham which were increased by an average of 2.3% on the evidence of recent sales activity of comparable properties. Increased valuations were also applied to properties in Shropshire, Kent and Cambridgeshire. House price indices derived from Land Registry data such as e.surv Acadata continue to show a high degree of volatility so we are reading the recent months' index with a high degree of caution as a result.

Further progress has been made on property acquisitions and the Fund has now exchanged contracts on six 3-bed semi-detached and one 4-bed detached houses in Calne which is approximately 15 miles South West of Swindon and 30 miles East of Bristol. This acquisition is valued at c. £2.1 million and will complete in the coming weeks. The property team continues to review several other potential acquisitions for the Fund.

3 properties were vacant at the end of February but high demand for quality rental property means vacated units are being relet very quickly and is also translating into positive rental growth. Average rental growth over 12 months stands at 2.34% (versus ONS at 2.0%) but we expect this to increase further over the coming months - February alone saw c. 3.8% uplift on rent reviews and 7.1% on relets of vacated properties.

* The Standing Independent Valuer (SIV) attached a material valuation uncertainty clause to the Spectrum flats in Manchester in April 2021 following a failed EWS1 (external wall safety) assessment. These assessments were introduced by the government to improve fire safety of high-rise buildings including external cladding. As the potential cost of any remedial works, its funding and timing remain unclear, the clause remains in place. Government guidance is also under review, and it is not known how remedial works may impact the value of the flats or require funding from leaseholders. Consequently, the SIV has not changed its valuation from March 2021 but states less certainty and a higher degree of caution should be attached to its valuation of these units, and that it may take longer than the usual 3-6 month marketing period should a decision be made to sell them individually. All residents are aware of the situation and additional fire safety measures have been implemented. The 17 flats held by the fund, of which 12 are in a building below 18m, are part of a larger development of 600 apartments.
