

Monthly Fund Update: March 2024

Important information: Financial Promotions have been replaced with Fund Updates, due to the termination of the fund

Thesis Unit Trust Management Limited (Tutman) as the authorised fund manager (AFM) confirmed on 30th October 2023 that a decision had been made to terminate the Funds. The termination of the Funds formally commenced from 1st December 2023. This decision was made following consultation with the Funds' Depository (NatWest Trustee and Depository Services Limited) and Property Investment Manager (Hearthstone Asset Management Limited).

A copy of the formal Investor Notice sent to investors on 30th October can be downloaded from www.homeinvestor.fund. This gives more background on the decision to terminate, an initial capital distribution from available cash, and the expected timescales to complete the sale of the portfolio.

Fund prices will continue to be calculated and published daily, and we will provide regular updates on progress via this document and on the website www.homeinvestor.fund.

Performance based on prevailing single price*, net of charges, in GBP assuming income and capital distributions reinvested net or gross of basic rate income tax according to share class. Source of all data: Hearthstone Asset Management Limited and e.surv 31/03/2024 unless stated otherwise.

*On 09-04-2015, the fund switched to a swinging single pricing basis with the prevailing single price used for performance calculation. Prior to that date, the fund was dual priced, with performance calculated on a bid-to-bid basis.

Important: You may get back less than the amount invested. Past performance is not necessarily a guide to future performance and future returns are not guaranteed. Tax treatment depends on the individual circumstances of each investor and may be subject to change in future.

Property Investment Manager's commentary

The independent valuer, CBRE Limited, reduced its valuation of the property portfolio by £200,000 at the end of March, mainly on the 22 flats in Wembley, although 13 other properties saw valuations increase. The annual change in the Fund's valuations is -1.47% to the end of March versus the e.surv Acadata House Price Index at -3.14%. Note that this is the final month e.surv Acadata will be used as a performance comparator and will be replaced by the ONS House Price Index from April. Fund performance shown above for periods 1 year and longer includes a one-off reduction of 2.5% due to the Fund swinging to Bid-basis pricing in July 2023.

Rent collection from occupied properties was 97.6% in March. Void loss was 17.4% of potential gross rent for the month which reflects the large number of properties now vacant pending sale.

Capital distributions of cash realised from property sales are planned to be made on the quarterly income payment dates shown overleaf if the Fund holds at least 5% cash, and will be administered by simultaneously reducing the price of each share held by an amount equivalent to the payment. The first capital distribution was made on 12th December 2023 from £5.7m cash held in the Fund and the next one is expected to be made at the end of May.

4 property sales completed in March totalling £1,077,500. Currently (15th April), 36 properties are sold subject to contract (SSTC) for just over £10.7 million – 4 of these (£959,000) expected to complete by late April/early May. Another 32 are on the market for c. £9.8m. To date, an average of 0.55% above CBRE valuations have been achieved on completed sales and those SSTC. With improving sentiment across the housing market, we continue to conduct our own local due diligence when marketing properties for sale. The Fund started the termination process with 218 properties, over 130 of which are in its 'top 10' holdings shown above where multiple properties are held on the same site and need to be drip-fed onto the market to reduce the risk of diluting the potential sale price. By year-end we aim to have marketed over 80% of the portfolio, and to have completed sales on approximately 100 properties.

* The SIV attached a material valuation uncertainty clause to the Spectrum flats in Manchester in April 2021 following a failed EWS1 (external wall safety) assessment. These assessments were introduced by the government to improve fire safety of high-rise buildings including external cladding. As there is currently no clarity as to potential cost and timing of any remedial works, or whether this may require funding from leaseholders, the clause remains in place. Consequently, the SIV states less certainty and a higher degree of caution should be attached to its valuation of these units, and that it may take longer than the usual 3-6 month marketing period should a decision be made to sell them individually. However, the original developer of the flats has signed the Government's Buildings Safety Repairs pledge and stated its intent to work with the site's Residents Management Company to agree a schedule of remediation works. All residents are aware of the situation and additional fire safety measures have been implemented. The 17 flats held by the fund, of which 12 are in a building below 18 metres, are part of a larger development of c. 600 apartments. Since a Material Valuation Uncertainty clause has been attached to these properties, the 30th June 2023 financial statements were qualified.
