

### Monthly Fund Update: July 2024

#### Important information: Financial Promotions have been replaced with Fund Updates, due to the termination of the fund

Thesis Unit Trust Management Limited (Tutman) as the authorised fund manager (AFM) confirmed on 30th October 2023 that a decision had been made to terminate the Funds. The termination of the Funds formally commenced from 1st December 2023. This decision was made following consultation with the Funds' Depository (NatWest Trustee and Depository Services Limited) and Property Investment Manager (Hearthstone Asset Management Limited).

A copy of the formal Investor Notice sent to investors on 30th October can be downloaded from [www.homeinvestor.fund](http://www.homeinvestor.fund). This gives more background on the decision to terminate, an initial capital distribution from available cash, and the expected timescales to complete the sale of the portfolio.

Fund prices will continue to be calculated and published daily, and we will provide regular updates on progress via this document and on the website [www.homeinvestor.fund](http://www.homeinvestor.fund).

#### Portfolio Investment Manager's commentary

The independent valuer, CBRE Limited, increased its valuation of the property portfolio by £15,000 at the end of July, valuing 5 properties upwards and 7 down. This puts the annual change in the Fund's property valuations at -2.08% to the end of July versus the latest ONS House Price Index at 2.73%. As mentioned in previous updates, this ONS HPI figure is subject to change as housing transactions often take several months to be recorded on HM Land Registry.

4 property sales completed in July for a total of £964,100 and so far in August, 1 sale has completed for £470,000. This brings the total number of completed sales to 19 since the fund started the termination process in December, and there are now 78 progressing through the conveyancing process. As many of these have now been progressing for over 4 months, we expect to see the number of completions to increase over the coming months. On average, sales are taking 4-5 months to complete after an offer is accepted although this is often longer for leasehold properties due to delays in the freeholder's management company supplying information packs.

Using the November 2023 CBRE valuations as a reference, properties have completed or are sold subject to contract (SSTC) broadly in line with that valuation. We continue to conduct our own local due diligence when marketing properties for sale. The Fund started the termination process with 218 properties, over 130 of which are in its 'top 10' holdings shown above where multiple properties are held on the same site and need to be drip-fed onto the market to reduce the risk of diluting the potential sale price. We remain on target to achieve our aim of to have marketed over 80% of the portfolio, and to have completed sales on approximately 100 properties by year-end.

Capital distributions of cash realised from property sales are planned to be made on the income payment dates shown overleaf if the Fund holds at least 5% cash, and will be administered by reducing the price of each share held by an amount equivalent to the payment. The next scheduled income payment date is the end of October, but ad-hoc distributions may be possible subject to available cash.

\* The SIV attached a material valuation uncertainty clause to the Spectrum flats in Manchester in April 2021 following a failed EWS1 (external wall safety) assessment. These assessments were introduced by the government to improve fire safety of high-rise buildings including external cladding. As there is currently no clarity as to potential cost and timing of any remedial works, or whether this may require funding from leaseholders, the clause remains in place. Consequently, the SIV states less certainty and a higher degree of caution should be attached to its valuation of these units, and that it may take longer than the usual 3-6 month marketing period should a decision be made to sell them individually. However, the original developer of the flats has signed the Government's Buildings Safety Repairs pledge and stated its intent to work with the site's Residents Management Company to agree a schedule of remediation works. All residents are aware of the situation and additional fire safety measures have been implemented. The 17 flats held by the fund, of which 12 are in a building below 18 metres, are part of a larger development of c. 600 apartments. Since a Material Valuation Uncertainty clause has been attached to these properties, the 30th June 2023 financial statements were qualified.
